

September 6, 2006

Dear Parent(s):

Your child, Kayla Dawson, has been receiving audiological services as part of his/her educational program or three-year educational review at Meeting Street. Per the Department of Education Regulations, audiological services **outside** of general hearing screenings provided in Pre-K, Kindergarten, First, Second, Third and Fifth grade, are not a covered IEP service.

Meeting Street will continue to be able to provide audiological services for your child on site and in the manner your child has received them at school. However, these services must now be provided through our Specialty Services department. Your child's health insurance or medical assistance will be accessed to receive these services.

If you would like your child to continue to receive audiological services as part of his/her educational program or three-year educational review, please fill out the attached forms and return them with your child. Following receipt of the forms, Beth Carter, Specialty Services Operations Assistant, will contact you to schedule services.

If you have any questions or concerns regarding this change please call Beth Carter in Specialty Services at 438-9500, extension 3291.

Sincerely,

Jodi L. Glass, Au.D.
